

7-week Summer Program

7 Dynamic Laws of Healing & Prosperity

With Rev. Kathy McCall

**Sunday Services (June 28 – August 9), 10:30am and
Wednesday night class follow-up (July 1 – August 12), 6:30-8:30pm
Love Offering**

For 7 weeks we will explore powerful laws of healing and prosperity for personal and collective transformation. Rev. Kathy will call upon the works of various Unity prosperity teachers, including: Catherine Ponder, Charles Fillmore, Eric Butterworth and Edwene Gaines.

Each Sunday lesson will introduce a new spiritual law, and on Wednesday evening there will be a follow-up discussion and activities that allow deeper understanding and activation of the law.

Prosperity and healing are all about changing our consciousness. Charles Fillmore, co-founder of Unity said, "Divine ideas must be incorporated into our consciousness before they can mean anything to us. An intellectual concept does not suffice." Consciousness is the knowing that God will supply. It means having a relationship with the One Presence so powerful that all necessary substance flows into the situation. It is not knowledge, but a complete surrender to God emotionally, spiritually, and physically.
