

THE UNITY MESSENGER

Resurrection as Paradigm Shift

by Rev. Kathy McCall

Jesus was a visionary who activated a paradigm shift for humankind. The metaphor of resurrection describes such transformational change. It is the phoenix emerging from the ashes of the old, to begin anew, and is always preceded by the breakdown of structures, comfort zones, and old ways of doing and being. This level of change causes the crucifixion experience for it is never without pain and struggle. It is a death of the old and death always brings grief, just as new birth brings joy. Resistance and denial are part of the process because we tend to fear the unknown.

In this new season, let us pause and remember that it is time for a Spring cleaning. We can ask ourselves, "What old ideas, habits, and beliefs do I need to give up? What am I willing to release so that I can resurrect from the ashes of the past into a new life?"

The amazing part of such willingness is that the smallest change can make all the difference. The metamorphosis from one world view to another in a paradigm shift rarely occurs in only one area of a life or a culture. There is always a great ripple effect that changes everything. When we make a simple personal change, our entire life can shift, and when the greater collective makes such a change, the world can be altered.

Jesus was willing to speak out against the status quo in the life of his community, and like throwing a pebble into still water, the wave of change that he started continues to this day. He was and still is the great teacher of the mystery of resurrection. Charles Fillmore, co-founder of Unity said, "The resurrection is the lifting up of the whole (person) into the Christ consciousness. The whole person is spirit, soul, and body. The resurrection lifts up all faculties of mind until they conform to the absolute ideas of Divine Mind, and this renewal of the mind makes a complete transformation...Through resurrection man becomes an inhabitant here and now of a new heaven and a new earth."

The resurrection takes place in us every time we rise to the realization of the perpetual indwelling life that is connecting us with God. Through prayer, meditation, reflection, and a deeper experience of nature, we can consciously experience it. Happy Easter!

Love & blessings,
Rev. Kathy

UPCOMING EVENTS:

► **The Mystics and Physics**

5-week class with Rev. Alyzsa Van Til

Wednesday evenings, 6:30-8:00pm, March 23—April 20

This class will focus on our Oneness with all things, as a blessing to us during Lent and in preparation for our resurrection at Easter.

Mystics from every religion agree with modern physicists that the world is ONE. Everything connects to everything; therefore, as we change, the world cannot help but change with us. Using some of the principles of Quantum Physics and the writings of the ancient mystics, we will learn how to integrate within ourselves the consciousness of earth and heaven. Thus we will become “mystical activists” who through our own experience of God help everyone, everywhere to move toward universal peace and compassion. As Teilhard de Chardin said, “We must harness the energies of love.”

Rev. Alyzsa formerly taught Bible Interpretation at Unity Institute, where the Unity Movement trains ministers and licensed teachers. Since then she has served two churches in the West Central Region: Unity in Clearlake and Unity Palo Alto Community Church as Education Minister. She has recently retired as minister at Unity of Brookings, Oregon. Her focus now is mysticism and her prayer shawl ministry called “Knitting Our Prayers.”

Please sign up in the Social Hall or by emailing the office so Rev. Alyzsa knows how many materials to bring.

► **Special Guest Speaker & Workshop, Rev. Denese Schellink**

Sunday, March 20th, 10:30am Service

“Making Room for Grace”

Seeking to calm and expand the mind through spiritual practices allows us not so much to escape our problems but helps us to remember to “disidentify” with them. We allow the Grace of God to fill our lives, we begin to view life from a place of wholeness and connection.

Currently Denese serves as co- minister and founder of a Unity ministry in Davis that has grown during lean times . She has served many Unity Ministries in the California region over the last 12 years of ministry.

Workshop with Rev. Denese Schellink, after service 1-3:30pm

“The Shift into Authentic Relationship” \$20

This workshop is an interactive workshop inviting us to use our relationships to awaken and express our divine selves, and to find peace amidst the seeming chaos. It has practices and teachings to assist in our transforming and shifting from a paradigm of separation and defensiveness to wholeness and connection. Some of the work is based on the book *I of the storm* by Gary Simmons, using the “storms” of life as a catalyst for awakening. How can this (my life situations) be for my good?! In this short time together we will attempt to shift our perception into seeing God in all our relationships and letting the Grace of God flow in and through us. [Please sign up in the social hall!](#)

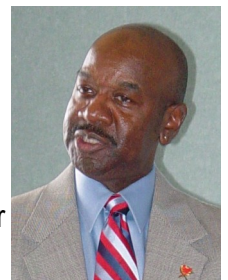

► **Special Guest Speaker, Rev. Curtis Byrd**

Sunday, March 27th, 10:30am Service

Special Musician **Amitabhan** will share his musical and vocal talent with us during the Sunday Service.

A guitar player for over 25 years and performing since 1989, Amitabhan has been deeply influenced by a variety of spiritual traditions. Equally comfortable performing original songs "born in the depths of a quieted gratitude," or in Kirtan settings, his music evokes the sacred — blending reverence and gratitude with a sense of surrender into the changeless.

He has performed for large groups of people at satsangs, retreats, and in a variety of spiritual settings. An award winning songwriter, he has also performed widely as a solo folk artist and with various bands in California and Alberta.
